

SALTSBURG SCHOOLS FOUNDATION

The mission of the Saltsburg Schools Foundation is to engage business and community partners in support of the Saltsburg schools and to enhance the experiences of students, teachers, and the community by serving as a catalyst and a funding source for new ideas, programs, and educational opportunities.

Fall 2019

News to be excited about!!!

Dear Foundation Supporters -

Thanks to your support, the Foundation is off to a great start! After only having just been approved as a 501(c)3 non-profit in March, the Foundation has graciously accepted thousands of dollars from individual donors, corporate sponsors, and through fundraising efforts, like our September 28th Golf Outing.

YOU ARE having an immediate impact in the lives of our students! Check out the great things you fund when you donate!

With thanks!

Geoff Dixon - President

2019 Scholarship Winners

Thanks to contributions from alumni, community members and school staff, the Foundation was able to award six \$500 educational opportunity grants.

Winners included: Jack Bruce, Dylan Jesko, Abbie Okopal, Colleen Marshall, Olivia Satler and Samantha Zapach.

Golf Outing

Thank you to the golfers who showed up to support our inaugural golf outing on September 28th! It was a beautiful morning to golf. Thanks to the participants and our sponsors who helped us raise money to support academic, athletic and cultural programming.

- Mitchel Yard
- Michael Bartolini

Mini-Grants

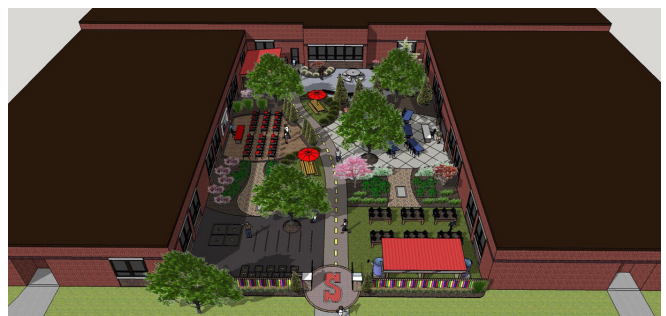

Mrs. Milanak and Mrs. Altmeyer were awarded a \$500 grant to fund a makeover of the high school library courtyard. The work will be done by NHS and Student Council volunteers.

Mrs. Ferguson and Mrs. Obney were awarded a \$500 grant to purchase books. The two reading specialists plan to buy books that focus on character building qualities.

Elementary Outdoor Learning Lab

By far the largest Foundation project to date, the Elementary Outdoor Learning Lab is an important project for the Foundation. The vision for the outdoor learning lab comes from a desire of the board to see a useful outdoor space which teachers, staff and students can use to inspire creativity, engage learning, and most importantly - to enjoy learning outside! The Foundation was happy to unveil plans for this exciting project in August. The space is designed to include a reading area connected to the library, two outdoor instruction areas, a biology/growing area, and a space for physical education.

Want to donate to this project?

Contributions can be made specifically to fund the space. Donors of any amount over \$250 will be named on a dedication plaque.
